

ABOUT THE ARTIST

Catherine has been working with clay and glass for 30 years. She has a BFA degree in ceramics from BGSU and her graduate studies were in glass at OSU. Her art work is sold at art shows in Ohio, some galleries and by appointment at her home.

Cathy has loved offering all types of Art classes in her pottery studio since 1994. She is dedicated to development and growth of children's art skills and adults' freedom of schedules. She believes that creating ART should be an enjoyable experience for young children and more challenging as one matures. Therefore she provides a comfortable environment for free expression in her home studio. Pieces of art are created using high quality supplies and the encouragement and knowledge of a professional artist.

Cathy's clay studio is located at **371 N. Granview Rd.** This is where she offers her year round classes and camps.
